

GATE AWARENESS PROGRAM

Date: 23 September 2026

Topic: GATE Awareness Programme

Resource Person: Dr. S. Thiagarajan

Designation: Managing Director, GWT Education Private Limited, Trichy

A GATE Awareness Programme was conducted at Sri Raaja Raajan College of Engineering & Technology on **23 September 2026** to create awareness among students about the Graduate Aptitude Test in Engineering (GATE) and its importance for higher education and career development.

The session was delivered by **Dr. S. Thiagarajan, Managing Director of GWT Education Private Limited, Trichy**. He explained the significance of the GATE examination, its eligibility requirements, examination pattern, syllabus, preparation strategies, and the opportunities available through GATE scores.

The resource person highlighted the importance of systematic preparation, conceptual understanding, time management, regular practice, and mock tests for achieving good results in the examination. He also discussed the opportunities available for postgraduate studies, research programmes, and recruitment in eligible public sector organizations through GATE, subject to the respective admission and recruitment criteria.

The programme motivated students to prepare for competitive examinations and plan their academic and professional careers effectively.

Outcome: The GATE Awareness Programme enhanced students' understanding of the examination, preparation methods, and higher education and career opportunities, encouraging them to pursue their academic goals with confidence.
