

# STUDENTS INDUSTRIAL VISIT - AI&DS

**Department:** Artificial Intelligence and Data Science (AI & DS)

**Venue:** Spectrum Softech Solutions, Kochi, Kerala

**Date:** 5 September 2026 to 7 September 2026

The students of the Artificial Intelligence and Data Science (AI & DS) Department of Sri Raaja Raajan College of Engineering & Technology participated in an industrial visit to **Spectrum Softech Solutions, Kochi, Kerala, from 5 September 2026 to 7 September 2026.**

The main objective of the visit was to provide students with practical exposure to the IT industry and help them understand the application of academic concepts in real-world industrial environments. The visit offered an opportunity to gain insights into software development practices, emerging technologies, and industry-oriented technical skills.

The programme helped students understand the importance of technical knowledge, problem-solving abilities, teamwork, and professional skills in the IT sector. It also enhanced their awareness of career opportunities and current industry expectations in the fields of Artificial Intelligence, Data Science, and software development.

The industrial visit served as a valuable learning experience, enabling students to relate their classroom knowledge to practical applications and encouraging them to prepare for future professional challenges.

**Outcome:** The three-day industrial visit provided valuable industry exposure and enhanced students' understanding of real-world technological applications, professional practices, and career opportunities in the IT industry.
