

# INDUSTRIAL VISIT-EEE

**Institution:** Sri Raaja Raajan College of Engineering & Technology (SRR CET)

**Department:** Electrical and Electronics Engineering (EEE)

**Date:** 11 September 2026 and 12 September 2026

**Places Visited:**

1. VSSC Space Museum, Thiruvananthapuram, Kerala
2. United Electrical Private Limited, Kerala

The students of the Electrical and Electronics Engineering (EEE) Department of Sri Raaja Raajan College of Engineering & Technology participated in an industrial visit to **VSSC Space Museum, Thiruvananthapuram, and United Electrical Private Limited, Kerala, on 11 and 12 September 2026.**

The visit to the VSSC Space Museum provided students with an opportunity to learn about India's space research and technological achievements. Students gained exposure to space technology, launch vehicles, satellite systems, and the engineering principles involved in space exploration.

The visit to United Electrical Private Limited helped students understand industrial practices related to electrical engineering, electrical equipment, and their applications in industrial environments. It also provided an opportunity to connect theoretical concepts learned in classrooms with practical engineering applications.

The industrial visit aimed to enhance students' technical knowledge, practical understanding, and awareness of industrial technologies. It also encouraged teamwork, observation skills, and professional development.

**Outcome:** The two-day industrial visit provided valuable learning experiences by exposing students to space technology and electrical engineering applications, strengthening their understanding of real-world engineering practices.
